## Work Experience

### Coed Studios Animator / Motion Designer (Full-time)

New York, NY  
Sep 2022 - Present

- Led the animation team in the production of high-profile projects for commercials like Time 100, ESPY Award.
- Collaborated with directors, screenwriters, and other creative professionals, and organized and integrated the final animation to ensure the final animation aligns with the creative vision and client expectations.
- Possess the ability to independently complete animation projects, from concept development, styleframe creation, to post-production animation. For example, Time100 Gala 2024 and Vera Branding Animation.
- Successfully reduced production time by 30% through the implementation of streamlined workflows and advanced animation techniques including AI tool.
- Participated in the creative development process, contributing ideas and concepts that enhanced the final Animation.
- Worked closely with the post-production team to ensure seamless integration of animations with visual effects and sound design.
- Utilized industry-standard software such as Adobe After Effects, Maxon Cinema 4D, and Redshift to produce high-quality animations.

### Coed Studio Intern Animator / Motion Designer (Full-time)

New York, NY  
Jun 2022 - Sep 2022

- Collaborated with directors, screenwriters, and other creative professionals, and organized and integrated the final animation to ensure the final animation aligns with the creative vision and client expectations.
- Assisting with various steps in the production, including designing, animating and revising based on clients' feedback.
- Utilized industry-standard software such as Adobe After Effects.

### Freelance 2D Motion Designer (Full-time)

Jan 2018 - Jan 2019 / Jun 2021 - Sep 2021

Specialized in motion graphics design and established my studio called MoVan9. Made motion graphics for my client National Immigration Agency, News Coverage: Central News Agency, Taipei Medical University.

### Guest Lecturer

Dec 2018

Shared my experience of being a Motion Design freelancer with students, including how to market my studio and how to communicate with customers.
